April 2016

Dear

Freedom of Information Request Reference N^o: FOI 001093/16

I write in connection with your request for information received by the Norfolk Constabulary on the 10th March 2016 in which you sought access to the following information:

Can you provide me please with information on your force's use of Community Resolution Orders from 2013, 2014, 2015 and so far in 2016?

I'd like a full breakdown of how many orders have been used over that period, broken down month by month, and for what type of crime the order was used to resolve (theft, robbery, assault, GBH, rape etc) and as much information about the case as possible (age of victim, details of the crime).

Norfolk Constabulary holds information relevant to your request.

Response to your Request

Norfolk Constabulary has located the following information as relevant to your request.

The following information has been extracted from the Constabulary's crime systems by the Joint Performance and Analysis Department. The data is based on the following crime disposals:

- Restorative/Youth Restorative Disposal
- Extended Professional Judgement

Restorative Justice processes gives victims the chance to tell offenders the real impact of their crimes, to get answers to their questions and to receive an apology. It gives the offenders the chance to understand the real impact of what they've done and to do something to repair the harm. RJ holds offenders to account for what they have done, personally and directly, and helps victims to get on with their lives.

Extended Professional Judgement is a disposal which enables an officer to assess an incident and deal with it in a proportionate way which takes into consideration the views of the victim and witnesses. For example, an officer may use their judgement to determine that it is more appropriate for a teenager to pay for the window they threw a stone through and apologise, or for a shoplifter to pay for a stolen item. EPJ seeks to reduce bureaucracy and allow for common-sense decisions to be made in supporting the needs and wishes of victims.

Both of the above processes require the consent of the victim.
