Freedom of Information Request Reference N°: FOI 001621/19

I write in connection with your request for information received by Norfolk Constabulary on the 30th April 2019 in which you sought access to the following information:

I am looking into the number of traffic accidents happening on the B1145 between Cawston and Aylsham, in north Norfolk.

Although only a few miles long, there are frequently accidents along that stretch of road from the roundabout with the B1149 turnings (just outside of Cawston), through Sankence, to the following roundabout at Woodgate Nursery with turnings to Woodgate Way and Hobart Lane (just outside of Aylsham).

I have included a map, attached to this email.

I was wondering if you would be able to find out how many traffic accidents have been logged on the road year-on-year for the past five years (2014/15, 2015/16, 2016/17, 2017/18, 2018/19)?

Response to your Request

The response provided below is correct as of 7th May 2019.

Norfolk Constabulary has located the following information as relevant to your request.

Research has been undertaken of recorded injury collisions. Please see map provided below.
