June 2016

Dear

Freedom of Information Request Reference N^o: FOI 2059/16

I write in connection with your request for information received by the Norfolk Constabulary on the 19th May 2016 in which you sought access to the following information:

In light of this, is it possible to simply provide the total number of rear-end collisions reported to Norfolk Constabulary in 2015?

Norfolk Constabulary holds information relevant to your request.

Response to your Request

In order to establish what information may be held in relation to your request, we have contacted our Roads Policing Department.

As previously confirmed to you, in order to provide you with the total number of rear-end collisions would exceed the costs limit. Therefore, as clarified, the information provided relates solely to 'injury' collisions, where the first point of impact is rear-end. I can now advise on the following:

There were a total of 428 'injury' collisions in 2015, 3 fatal, 46 serious and 379 slight collisions.
