

February 2020

Freedom of Information Request Reference N°: FOI 000295/20

I write in connection with your request for information received by Norfolk Constabulary on the 20th January 2020 in which you sought access to the following information:

I wonder if I could make a freedom of information request to have the black box data on speeding which was obtained by the black boxes in the parish. I believe the boxes were placed in Burnham Overy Staithe and Burnham Overy Town back in May 2019.

I would like the results to pass on to Councillors to explain the general speeds in the parishes. Could you also let me know if there have been any safety camera van teams within our parish of Burnham Overy in the last six months, the position of the vans and whether there have been any vehicles caught speeding.

Response to your Request

The response provided below is correct as of 4th February 2020.

Norfolk Constabulary has considered your request and our response is below.

Please see below report sheets for the speed monitoring equipment in Burnham Overy Staithe and Burnham Overy Town. Please note, these were from June and July 2019.
