Freedom of Information Request Reference N°: FOI 003683/17

I write in connection with your request for information received by the Norfolk Constabulary on the 21st February 2017 in which you sought access to the following information:

Please could you provide me with a list of all protests that the police force were notified of in 2016, and have been notified of so far in 2017, along with a time series of the number of protests that you have been made aware of for each calendar year from 2010 to 2015.

I am interested in both protest marches and static protests.

For the 2016 and 2017 data, please could you provide the following:

- The date and time of each planned protest
- The reason for the event (if known)
- Whether it was a march or a static protest
- The event location (if static)
- The planned route (if a march)
- The anticipated number of participants (as given by the organisers)
- The estimated number of actual participants (if available)

Please do not include any protests that were then cancelled, unless these can't be filtered out.

For the 2010-15 data, please provide the number of protest marches and the number of static protests that the police force were notified of each year. Please do not include any protests that were then cancelled, unless these can't be filtered out.
