

August 2017

Freedom of Information Request Reference N°: FOI 005826/17

I write in connection with your request for information received by Norfolk Constabulary on the 20th July 2017 in which you sought access to the following information:

I was wondering whether you might be able to forward an FOI request to a relevant member of the Constabulary concerning statistics on the number of reports made on waste crime, types of waste crime. I know you mentioned that a lot of people just get redirected towards councils, but any data that is available and is free to the public eye would be fantastic!

If possible, would I be able to have data from the past ten years (up until the present day)?

Response to your Request

The response provided below is correct as of 10th August 2017.

Norfolk Constabulary has located the following information as relevant to your request.

Research has been undertaken of incident reports created by the Contact and Control Room, looking at the following incident categories:-
